"Being at the student home is a really good experience. You make many friends and you learn very much about different cultures. You can also cook and study with your housemates.

Northgate mall is very near from the house, so we always go there to eat something, watch movies and do shopping. In our free time we can enjoy the recreation room, where we play ping-pong, foosball and sing karaoke. Living in the student home is something that we will never forget!

We will always remember the people we met and the different situations we experienced here!!"

"Living in the student house is a special experience for me. Though it's my first time to go to the U.S., I don't feel lonely here. I have many friends who come from different countries such as Japan, Brazil, and Korea. If you want me to recommend a place to learn English and make friends who have different cultures, I would tell you that the student home in San Rafael is one of the best choices. Our door will always be open for you and we sincerely hope that you join our big family."

"Kenny" Chung-Hsien Lee (Taiwan)
